Michelle,

The desktop is the HP Laser Jet Pro 400....which Ricoh would you print to?

Please provide model numbers for both types of printers.

Thanks,

Andy

Andy,

We use Dell desktops and laptops to operate PollChief. The other county info that Michelle is referring to is the contracts and pricing from other counties. The printers that we will be printed to are the Ricohs and possibly our HP desktops.

Thanks.

Do you find this info to be specific enough? For example: Shouldn't we identify who the vendor is for the PC/Laptops and what their specs are?

What is the other County info she is referring to?

What about the printers that are listed in Exhibit B?

Thanks,

Andy

Andy,

Below is information you requested pertaining to Poll Chief and equipment:

- Desk Computers or laptops to access system using Internet Explorer as our web browser
- Symbol Technology Inc. Barcode Scanner: Model LS2208 *OK*
- Apple Products: for upcoming app to allow mobile scanning (iPhone, iPad) *they will replace the better one* **any version with the ability to scan barcodes or take pictures**
- Symbol Technology Inc. ~~Motorola PDAs: Model MC5590~~ *take this out* (may not use these when app rolls out but it's an option)

I am working on other County information and should have it to you shortly.

Thanks!
Michelle

Angeline:
Had my meeting with Legal today. I need some things from you before Legal contacts Mr. Yu.

1. Please call other Counties that use this vendor and get copies of their contracts and costs so we can determine if we are getting a fair cost. Will need to be able to compare (apples to apples).
2. I need a list of all equipment that we will use (see Exhibit B, page 19) that includes model #s. Any browsers that we use and the versions of each. The purpose of this list is so that Konnech agrees with this equipment and cannot later say we didn't use what they approved of.

A quick turnaround is requested. Call me if you have any questions.

Thanks,

Andy
